F E A R L E S S

WRITTEN BY C. ASHER

There's a time when I was in the cold
Well that's a story that needs to be told
You carried me, you said, lift up your head child
It makes me happy to see you smile
See you smile

Now I face my fears with Your strength
You strengthen me and call me by name
By my name
Reveal Your love, pour out Your peace
Unveil my eyes to see what You see

I'm fearless, I'm fearless, I'm fearless

There's a time, when I didn't have any hope
But the moment that you spoke, you changed everything
You said, look into my eyes, and stop believing the lies
You're greater than that

I face my fears with Your strength
You strengthen me and call me by name
By my name
Reveal Your love, pour out Your peace
Unveil my eyes to see what You see

I'm fearless, I'm fearless, I'm fearless

When love, when love takes over
There's no room for fear
Jesus, You're here
When love, when love takes over
There's no room for fear,
Jesus, You're here
When love, when love takes over
There's no room for fear
Jesus, You're here

Now I face my fears with Your strength
You strengthen me and call me by name
By my name
Reveal Your love, pour out Your peace
Unveil my eyes to see what You see
