RE: FOOD PARCELS – FOOD OF HOPE

We all take note of the President's announcement on the 9th April 2020 that lock down will be extended with another 2 weeks. This causes a major social problem to our very poor communities in that people that depends on a daily wage is now without any income and food. Most of these people have families that consists of children and elderly. It is therefore essential for us as a Christian community to reach out to these people by supporting them with food and create a sense of HOPE in times of little or no hope. We want to continue this project until end of May 2020.

The challenge in supporting these people is who to give to and who not to give to AND what to give to these people. Our method to both these questions is as follows:

a) WHO

We have decided to work with credible registered organisations, churches and social workers in different areas of Bloemfontein. They would then give us names of people who they have identified who is in need. No individuals will be helped.

b) DISTRIBUTION

Central distribution points will be established in co-operation with all stakeholders and food parcels will be distributed together with these stakeholders to the needy by list and with personal identification.

c) CONTRIBUTION

- There will be THREE ways of contributing towards this initiative: 1) Buying and dropping products at two drop points currently: **1.1) PICK A PAY PRELLER PLEIN and 1.2) PICK A PAY HYPER AT FICHARDT PARK,**
- 2) By financial donations into Anchor of Hope account: **ANCHOR OF HOPE, FNB, BRANCH 230234, ACC 62685791876, REF: FOOD OF HOPE,**
- 3) Or a company can directly buy bulk products direct from suppliers and Anchor will collect.

d) ACCOUNTABILITY

- 1) We are a registered Article 18a PBO and can issue all financial contributors with a certificate which can be deducted from SARS,
- 2) Food parcels will only be distributed upon agreement with all stakeholders through registered organisations, churches and social workers,
- 3) Audited financial statement of donations and purchases for food parcels,
- 4) Signed excel sheets for all food parcels distributed and available on demand.

e) FOOD PARCELS

We decided to use only non-perishable food and food that is high in protein and end volume:

- 1) Maize 2.5kg,
- 2) Brown Bread Flower/Cake Flower/Self Raising Flower @ 2.5kg,
- 3) Stamp 2.5kg,
- 4) 1kg Peanut butter,
- 5) Beans 2.5kg,
- 6) Soya 400 grams,
- 7) Oil 1lt,
- 8) X1 Can pilchards/Bulli beef
- 9) Soup sachets x 2

f) PACKING

All food parcels will be packed at the premises of Anchor of Hope by men staying in our men shelter in Hilton. Through this initiative these men are uplifted and we can restore their dignity by giving them meaning in life.

If you have any queries please do not hesitate to phone me on 0833251899. Let
